

# Riverside Apartments

[www.riversideservicedapartments.com.au](http://www.riversideservicedapartments.com.au)

## Water Management

- Dishwashers: We encourage guests to use the dishwasher only when full.
- Showers: All showers have been fitted with water saving shower heads.

## Waste Management

- We use re-fillable soap dispensers and detergents in the kitchens and bathrooms of all apartments.
- We re-cycle plastics, bottles and newspapers
- We use containers to store individual consumables so as to minimise disposal of wrappings.

## Energy Management

- We have installed energy efficient light globes in all areas.
- We request that our guests turn off air conditioning and lights when not using the apartment.
- Turn off appliances when not in use, TV etc
- We encourage guests to use towels more than once to save on washing therefore energy

## Programs currently participating in

We use a laundry that has its own environmental policy in place.
