## Working with you

ASN Events has a long history of successfully managing conferences, scientific meetings, corporate events and public events ranging in size from 25 to 25,000 participants, throughout Australia and internationally.

## Foundation for success

With over 20 years of event management experience and conference organisation, as well as an all-encompassing approach covering planning, administration, logistics, accounting and revenue optimisation, ASN Events will build a solid foundation for your events.

## Culture of innovation

ASN Events has been at the forefront of innovations in event management. We have developed time and money saving systems such as Online Registrations and Online Abstracts and continue to deliver better ways at achieving event success.

## Financially prudent

We have the enviable history of returning the most financially successful results for our hosting organisations. Our clients return year after year because they know we are focused on their ongoing success.

## Working with you

Many of our clients comment on our refreshingly friendly and helpful service. Our people are genuinely interested in making the organisation and staging of your event the best it can possibly be. With our focus on you and your objectives, we will work with you on your success, every step of the way.
